

Innovative Solutions For Poultry Health & Sustainable Biotechnology

PRODUCT CATLOUGE 2026

Research • Innovation • Sustainability

ANOSIA

NATURAL IMMUNITY BOOSTER

अनोसिया

Day's	Dosage / 1000 Bird's
1 To 3 Days	10 MI / 1000 Chiks
11 To 13 Days	80 MI / 1000 Birds
21 To 23 Days	170 MI / 1000 Birds
31 To 33 Days	260 MI / 1000 Birds

Strong Immunity

Better Growth & Weight Gain

Reduces Mortality & Disease Risk

How To Act :

Immunomodulation

- Regulating Immune Cell Such As Macrophages And Lymphocytes.

Antioxidant action

- Neutalizing Harmfull Free Redicals

Anti-inflammatory Effects

- Reduce Excessive Inflammation While Maintaining Immune Protection

Gut Microbiome Support

- Promoting Beneficial Intestinal Bacteria And Improving Gut Integrity.

Composition

- Emblica Officinails
- Terminalia Chebula
- Aloe Barbadensis
- Symplocus Racemosa
- Eclipta Alba
- Sarca Asoca

Indication

- Avoids Usage Of Antibiotics
- Better Growth & Weight Gain
- Reduce Chicks Mortality
- Prevention Of All Infection
- High Quality Meat

Dosage

- For Prevention 0.2 ml Per kg Body Weight or As Advise by Consultant

100% Natural Formula

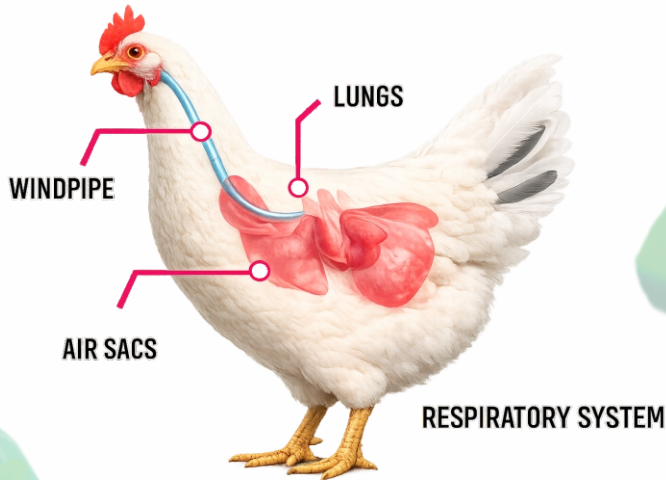

100% TRUSTED BRAND

Respira-c

A Complete Respiratory Solution

रेस्पिरा-सी

Reduce
Sound

Relief
Dyspnea

Improve
Respiration

How Act Medicine

- Mucolytic & Expectorant Action
- Loosen Thick Mucus In The Trachea And Air Sacs.
- Improve Expulsion Of Respiratory Secretions.
- Reduce Congestion And Improve Breathing

Anti-inflammatory Effect

- reduce swelling of respiratory tissues.
- improve air flow
- decrease respiratory distress.

Immune Modulator Action

- Stimulate Bird's Immune Response, Helping It Fight Respiratory Pathogens More Effectively.
- Improve Feed And Water Intake
- Support Post-treatment Recovery

Composition

- Glycyrrhiza Glabra
- Adhota Vasica
- Mentha Piperata
- Cinnamomum Camphor
- Curcuma Longa
- Zingiber Officinale

Indication

- Provide Fast Relief From Dyspnea & Respiratory Disease like CRD
- Blocks Inflammatory Mediators. & Control Excess Mucus Accumulation
- Minimize Incidence Of Secondary Bacterial Complication
- Anti-inflammatory, Decongestant & Smoothing Agent

Dosage

- For Prevention 0.2 ml Per kg Body Weight
- For Treatment 0.3 ml Per kg Body Weight or As Advise by Consultant

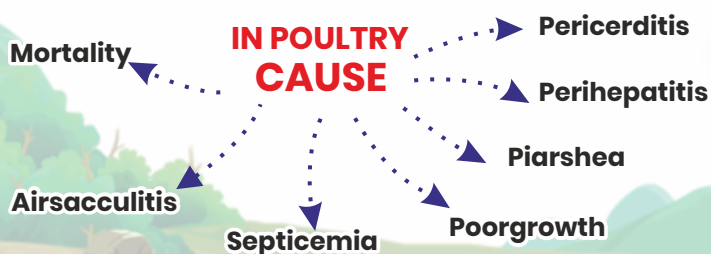

100% TRUSTED BRAND

E-COLON

E.coli Solution

ई-कोलोन

Improves
Gut Health

Better Growth
& Weight Gain

Reduces Mortality
& Disease Risk
